Under the new dispensation, REREC has an expanded mandate of spearheading Kenya's renewable energy drive, in addition to implementing rural electrification projects. Under section 44(1) of the Energy Act 2019, REREC is mandated to undertake the following functions:

2 ???&#0183; "The tripping of the Suswa line was followed by the failure of the Ethiopia-Kenya 500kV interconnector, which was carrying 200MW at the time. This double blow led to the loss of 488MW, a staggering 27.3 per cent of Kenya's total electricity generation at the time, plunging much of the country into darkness," he stated at the time.

Following the enactment of the Energy Act 2019, Rural Electrification Authority (REA) has now changed to Rural Electrification and Renewable Energy Corporation (REREC). REREC has an expanded mandate of spearheading Kenya's green energy drive, in addition to implementing rural electrification projects.
