Does St Lucia have a Solar Power Revolution?

Title: Solar Power Revolution: Advantages of Installing Solar PV in St. Lucia with Eco Carib St. Lucia, bathed in abundant sunlight and surrounded by the beauty of the Caribbean, is experiencing a transformative revolution in the realm of energy.

What is the energy mix in St Lucia?

Presently St Lucia energy mix is comprised of just 1% renewable energy on the public grid. Its electrical demand peaks at 61MW and its electricity prices are high relative to the rest of the Caribbean. "SUNTERRA has some really exciting propositions to take solar power to a whole new level."

Can businesses use solar energy in St Lucia?

In the picturesque island nation of St. Lucia, the sun-kissed landscapes and crystal-clear waters are not just a treat for the eyes; they also present a golden opportunity for businesses to harness the power of solar energy.

Does St Lucia offer incentives for solar PV installations?

The government of St. Lucia recognizes the importance of transitioning to renewable energy sources and often provides incentives to encourage solar PV installations. These incentives may include tax credits, rebates, or favorable financing options.

What is the future of commercial solar in St Lucia?

As businesses in St. Lucia continue to recognize the benefits of commercial solar PV installations, the future looks incredibly promising. With Eco Carib leading the way, more businesses are expected to make the transition to clean energy, fostering a greener, more sustainable future for the island.

Why is Eco Carib partnering with businesses in St Lucia?

In conclusion, the collaboration between Eco Carib and businesses in St. Lucia marks a significant milestone in the island's sustainable journey. Through commercial solar PV installations, businesses are not only saving on costs but also contributing to a cleaner, greener St. Lucia.

The 2022 Energy Report Card for St. Lucia provides an overview of energy sector performance and includes energy efficiency, projects, technical assistance, workforce, training and capacity building information, subject to the availability of data.
