Benefits of Solar in St. Petersburg, FL. St. Pete is the 6th sunniest city in the United States and a perfect location for lowering electric bills with solar energy. The state of Florida and St. Pete has several incentives that make solar panels more affordable, including a 30% federal tax credit and a net metering program.

The average cost to install solar panels is around \$26,600, and most homeowners pay between \$4,500 and \$53,000.Keep in mind that these prices don't consider the federal investment tax credit (ITC), which can effectively reduce those costs by up to 30%.
