Being almost 100% dependent on imported energy, Palau is highly vulnerable to international energy market movements and price volatility. Palau's energy security is not guaranteed and energy supply interruptions undermine economic growth and social development.

Schutz Energy Systems lidera la carga para transformar el sector energético hacia un futuro más limpio y efectivo con energía solar, almacenamiento de energía, carga de vehículos eléctricos ...

Seit über 60 Jahren steht SCHUTZ ENERGY SYSTEMS für höchste Produktqualität in der Gebäude- und Haustechnik. Energie sparend, sicher und komfortabel: Die Systeme von SCHUTZ erfüllen höchste Ansprüche an Komfort und Umweltfreundlichkeit.

Philippines-based power producer Solar Pacific Energy Corporation (SPEC) appointed DNV as Owner's Engineer for the 15.3 MW solar power and associated 13.2 MWh battery energy storage system (BESS) in Ngatpang state on Babeldoab, the largest island in the Palau archipelago.

The US\$ 29 million project, jointly owned by SPEC and its listed parent Alternergy, will meet more than 20% of Palau's energy needs. SPEC was awarded a long-term power supply agreement by the Palau Public Utilities Corporation (PPUC) to feed power to the central grid in Babelboab.

Ensure a sunny future with a new photovoltaic system. SCHUTZ is your competent partner and offers everything from a single source : consulting, planning, installation, commissioning as well as grid registration and maintenance.
