Is poweroak a sustainable company?

From the very beginning, Poweroak has tried to stay true to a sustainable future through high-performance new energy storage solutions while delivering an exceptional green experience for our homes and our world. BLUETTI, Poweroak's brand, has now become one of the world's main players. Making its presence over 70 countries.

Who is poweroak BV?

PowerOak BV currently acts as an independent distributor for a major manufacturing company from China. The company was founded in 1999 through intensive collaboration with Japan's KAYO Battery Company to optimize technology applications.

Why should you choose poweroak?

Moreover, Poweroak is the world leader in the integration of solar photovoltaic with battery storage, the on/off grid bidirectional inverters, the internet-based intelligent power management system, etc.

Why should you choose poweroak BV?

PowerOak BV is the place for all your portable power needs. We offer a wide range of power banks, energy storage solutions and solar panels. Our range is therefore easy to compare, so that you can always find something that really suits you. We mainly deliver directly from stock. The advantages? Fast delivery and the best prices!

What makes poweroak a good battery manufacturer?

As a technology leader in the battery manufacturing world, PowerOak possesses advanced lithium battery manufacturing technology and fully automated manufacturing facilities. Our products are UL, CE, PSE, KC and FCC certified. Naturally, the products also meet all kinds of EU ROHS test criteria. This way you are assured of the highest quality.

Where can I find poweroak products?

Today, PowerOak products can be found in more than 40 different countries and regions around the world. Our foreign customers include well-known names such as Panasonic, Samsung, Mitsubishi, Toshiba, Honeywell and many other suppliers. At PowerOak, we attach great importance to a reliable form of self-sufficient power supply.
