

Solar Barrel Locker

The benefit of using a solar panel in a smart locker is that it can significantly reduce the energy costs of operating the parcel locker. Moreover, these cutting-edge solar panel lockers are designed to be resilient in the face of power outages. They operate on battery power, eliminating the need for an external power source.

Replacement Barrel Lock: Ensure it is the correct size and type for your UPVC door. Screws: Usually supplied with the new lock, but have some extra just in case. Lubricant: A silicone-based lubricant can help ensure smooth operation of the new lock.

No one knows more about locker locks than we do. We carry thousands of locks ready to be dispatched to you next day. Below you will find most locks listed by brand however if you're unsure give us a call on 01268 661318 or email us at sales@aslockers .uk some photos of your lockers and we will identify the locks you need.
