Zimbabwe, as a sun-soaked nation, is harnessing the enormous power of the sun to cater to its energy needs. This has led to the rapid growth of numerous solar companies in Zimbabwe that manufacture and distribute solar equipment, including panels, inverters, and batteries. Two main supply chain centers are driving the nation's solar energy sector: Harare and Bulawayo.

This model will allow Solar Tech Africa to install solar power systems on customers' rooftops at no cost and have them sign a 20-year contract to buy electricity generated from the system. This is especially beneficial as solar systems can be expensive, and the agreement will make electricity more accessible to more people.
