

Solar energy company in lagos Brunei

We provide consultation, design, procurement and installation services of solar photovoltaic systems. Due to the absence of national on-grid solar/renewable energy regulation such as the feed-in-tariff (FiT) or the net energy metering (NEM) schemes in Brunei Darussalam, our installation has so far been off-grid systems only.

At the moment, there is no regulatory governing the installation of solar panel in Brunei. Companies follow international standards for solar PV systems that convert solar energy into electrical energy, as well as for all the elements in the entire system.
