

Solar farm in Nicaragua

What is Nicaragua's energy supply?

"This gives us a guarantee that the project will be carried out in the best way and will ensure its best performance." Around 60% of Nicaragua's total energy supply is drawn from renewable sources, with biomass (41.8%) accounting for the largest share of generation as of 2022. The remaining 40% is supplied by oil imports.

Could Chinese investment boost solar power in San Isidro?

In San Isidro, a mountainous and rural municipality in northern Nicaragua's Matagalpa department, Chinese investment is helping to establish solar power- one of the latest arrivals in a wave of new projects announced in recent years, amid closer ties between the two countries.

Does Nicaragua have geothermal power?

The Maribios Range is part of the Pacific "Ring of Fire" and contains several active volcanoes. The government estimates Nicaragua's geothermal potential to be 2,000 megawatts. Nicaragua's National Electric Transmission Company (Enatrel) seeks to transform the country's energy mix by focusing on renewable energy with its 2022-2037 expansion plan.

How many solar panels will the San Isidro plant have?

According to the government, the San Isidro plant will comprise 112,000 solar panels. On the condition of anonymity, sources tell Dialogue Earth that a similar area of land will be used for the El Hato plant.

Is Nicaragua a bad investment environment for China?

"But Nicaragua has actually been a problematic investment environment for China," Myers adds. The diplomatic back-and-forth with Taiwan has been an issue, as well as the collapse of the controversy-stricken Grand Interoceanic Canal project, designed to run through Nicaragua and rival the Panama Canal.

The expansion of renewable energy in Nicaragua has been led by foreign companies. The energy sector ranks among Nicaragua's top five sectors receiving foreign investment, Sanchez said. "A government priority" Nearly \$1.1 billion of foreign investment went into Nicaragua's energy sector between 2007 and 2013, according to ProNicaragua.
