The company designs and manufactures not just solar LED street lights, but also solar modules and solar cells. Tata Power Solar also provides the best EPC services for solar powered projects for 4 consecutive years.

Expanding solar access for communities in Syria. Solar energy is vital in reducing greenhouse gas emissions, which helps mitigate climate change. When communities have access to this clean energy, as they now do in Khirais, it increases their climate resilience, enabling them to better prepare for, recover from, and adapt to climate change.
