

Solar photovoltaic panel buyers

Since 2010, our friendly UK team have helped tens of thousands of people install the right Solar PV system, and we are keen to support you today and offer PV solar panels for sale. PV Solar Panels generate emission-free, clean electricity ...

Solar array mounted on a rooftop. A solar panel is a device that converts sunlight into electricity by using photovoltaic (PV) cells. PV cells are made of materials that produce excited electrons when exposed to light. The electrons flow through a circuit and produce direct current (DC) electricity, which can be used to power various devices or be stored in batteries.

solarstore.ie is Ireland's Leading Distributor of Solar PV Photovoltaic Products. solarstore.ie and our partners have been successfully supplying PV Photovoltaic solutions to the Irish market for 10 years, selling thousands of PV systems for both the Domestic and Industrial Sectors.
