Who are Sunergise New Zealand & Tonga Power Limited?

This solar project was completed under the partnership between Sunergise New Zealand Limited and Tonga Power Limited with support from the Asian Development Bank (ADB). Sunergise led the construction and meanwhile united local Tongan civil, mechanical and electrical sub-contractors to the team.

What is a solar farm & how can it help Tonga?

Producing energy since August this year, and providing power for up to 10,336 households, the Solar Farm is helping The Government of Tonga pursue its National Energy Roadmap plans to see up to 70% of Tongatapu's electricity generation sourced from renewables by the end of 2025.

What is Tonga Power Limited?

Tonga Power Limited's vision is to " Power the sustainable development for our Kingdom ", ensuring they generate electricity that is clean, green and sustainable for the people, which is why they are working alongside the government in transitioning to Renewable Energy sources, such as wind power and solar power.

Why do we need solar power in Tonga?

Renewables like solar are a significant means for Tonga to expand energy access, stabilize power grids as well as reduce pollution. Considering the shortage of solar expertise and finances for countries like Tonga, the role of independent power producers and the practice of PPA provide solid support to smooth the way for solar deployment.

Who is the board member of Helu Tonga Power Limited?

Board Member Mr. Saimone HELU Tonga Power Limited is part of the Utilities group and its board of directors are shared with Tonga Water Board and Waste Authority Limited. The shared board was originally appointed for a one year term.

Does Tonga use fossil fuels?

Statistics show that, as of 2020, nearly all electricity in Tonga came from fossil fuels. As an island country with a total surface area of merely 290 sq mi, Tongan's power generation heavily relies on imported fossil fuels.
