We Manufacture Our Solarex Replacement Panels to The Original Solarex /BP Solar Specifications ; Contact us directly for volume and OEM discounts ; DIRECT - Bolt in Replacement for Solarex MSX64 MSX60 & BP Solar BPSX365J BP365U. Outside Dimentions: 39.84 In Long x 19.76 In Wide ; Pmax=65, Vmp=17.2, Imp=3.78. 36 High Efficiency ...

Find many great new & used options and get the best deals for 16"x20"x2" Solarex MSX20 Mega Module 20W 12V Rugged Solar Panel Aluminum Frame at the best online prices at eBay! Free shipping for many products!

MSX-Lite™ modules, part of Solarex's Megamodule™ series, are designed for applications requiring a combination of light weight, compactness, and ruggedness. ... Four models of MSX-Lite are available, the MSX-5 Lite, MSX-10 Lite, MSX-20 Lite and the MSX-30 Lite, delivering typical peak power 10, 20, and 30 watts respectively at Standard Test ...

Solarex appears to share at least some of our misgivings; the MSX-10L is only warranted for 5 years, as opposed to the MSX-18s 10-year warranty. Uni-Solar The two Uni-Solar panels represent the only amorphous-silicon (or thin-film) units we tested. The MBC-525 is a flexible panel; the US-32 is a rigid one.

MSX-Lite(TM) modules, part of Solarex's Megamodule(TM) series, are designed for applications requiring a combination of light weight, compactness, and ruggedness. They are particularly useful as 12VDC power sources for expeditions, mobile communications, recreational vehicles and railroad signaling devices.

MSX-Lite™ modules, part of Solarex's Megamodule™ series, are designed for applications requiring a combination of light weight, compactness, and ruggedness. They are particularly useful as 12VDC power sources for expeditions, mobile communications, recreational vehicles and railroad signaling devices.

We pared NOS 16"x20"x2" Solarex MSX20 Mega Module 12V Rugged Solar Panel Aluminum Frame buys, product reviews, and coupon codes over the last year for you at solarpanelsi.

BP Solarex MSX-120 MC / BP Solarex MSX 120 MC / BP Solarex MSX120MC . Das BP Solar BP MSX-120MC ist ein polykristallines Solarmodul mit 115Wp . Diese PV-Module wurden in einem zertifizierten Testcenter geflashed und geprüft. Die Module weisen Werte zwischen 109 - 118Wp auf und sind technisch vllig in Ordnung und in einem guten Zustand. ...

Solarex Power Modules are the group of polycrystalline silicon Megamodules with peak outputs above 39 watts. They can be used singly or in arrays, and are the module of choice for midsize and large PV power systems. Their features include: A 25-year warranty (the best in the industry) on power output
