

# St Kitts and Nevis bateria pylontech us5000

US5000-B is the latest and highest capacity version HESS battery system designed by Pylontech. It's long life characteristics, highest energy and power density in the industry, fashionable design, easiness of installation and expansion, all reflect the real requirements of end users and the strong technical capability of Pylontech.

La bateria de Litio Pylontech 4.8kWh Pylontech US5000C 48V tiene las siguientes características: Tensión de trabajo nominal (V): 48V; Capacidad &#250;til: 4800Wh; Dimensiones físicas: 442 x 420 x 161 mm; Peso: 38Kg; Interfaces de comunicaciones: RS485, CAN; Profundidad de descarga: 95%; Vida &#250;til estimada: más de 15 años (25&#186;C)

Pylontech SKU: US5000C-PCB The size of its lithium batteries is compact, which allows easy installation, lowering costs because it is maintenance-free and, as an added value, the great compatibility it has with most hybrid and off-grid inverters found on the market.

Pylontech offers reliable, efficient and smart energy solution for your home. With advanced battery technology, it ensures uninterrupted power supply, reduces energy costs, and optimizes your energy usage, helping you achieve greater energy independence.

As baterias de lítio de 4,8kWh Pylontech US5000 48V Pack 2 - 9,6kWh &#243; podem ser ligadas em paralelo, não permitem ligação &#231;&#227;o em série porque o BMS integrado &#233; para a
