Where is Central African Republic launching a new solar park?

BANGUI, November 17, 2023 - Today, the Central African Republic is launching a new 25-megawatt solar park with battery storage in Danzi village, located around 18 kilometers from Bangui. The park will supply electricity to 250,000 persons in the capital, almost doubling the country's electricity generation capacity.

Why is Central African Republic investing in electricity?

With an electrification rate of 35% in Bangui, 8% in the main provincial cities and towns, and only 2% in rural communes, the Central African Republic has invested in the energy sector as an engine of development to increase access to electricity and promote sustainable growth.

Will a large solar plant in Bangui help other countries?

Residents in Bangui used to face up to 16 hours of load shedding with health facilities, schools, and shops with no electricity. Now they will have much greater access to power, driving productivity and job creation. The commissioning of such a large solar plant in CAR provides hope for other countries.

Where is Danzi solar plant located?

Danzi solar plant is located 18 kilometers from the capital city of Bangui, CAR. Plagued by decades of conflict, political instability and low growth, CAR has one of the world's highest rates of poverty - almost 7 out of 10 people are extremely poor. More than half are unable to afford enough food, and just 2.5% of CAR's road network is paved.

With the Support of the World Bank, a New Solar Park in the Central African Republic Expands Access to Clean Energy November 17, 2023. Today, the Central African Republic is launching a new 25-megawatt solar park with battery storage in Danzi village, located around 18 kilometers from Bangui.

From this week, the new 25-megawatt Danzi solar park with battery storage will start powering the homes and lives of 250,000 residents in the capital city of Bangui and its surroundings (about 30% of the population), ...

In a landmark move toward sustainable development, the Central African Republic has inaugurated a groundbreaking 25-megawatt solar park, equipped with battery storage, situated in the Danzi village, just a short distance from Bangui.

Aptech Africa Ltd. is the EPC company of choice for solar energy and water pumping in Africa. It has offices located in South Sudan, Uganda, Central African Republic, Sierra Leone, Niger and Liberia. Aptech Africa was founded in 2011 as a distribution and installation company for some of the most reputable brands from Europe and the US.
