Aesthetics- Deep Black, Even Colored Cells on the High-Performance Solar Cells. SUNBEAMsystem combines the best technology, with the best solar cells and special materials. In order to create the best Series of solar panels that will last in Tough environments.

Which Sunbeam system is best for deck mounting?

Since its introduction, the SUNBEAMsystem Tough series has been the absolute winner in multiple real-life tests. All Tough models are fitted with Sunpower™ Maxeon cells with an efficiency of 22.5% or higher. The anti-slip profile is not only practical for deck mounting; it also catches more light in low sun angles.

Boosts output by up to 6% due to direct solar cell string connection. Improves aesthetics - a truly cable-free installation. Eliminates intrusion and pressure on the solar panel. Prevents breaking forces when walking on it. Counters heat-induced reshaping of the solar panel.
