Day 01 When Gustave Eiffel's famous tower was erected in 1889, it wasn't just its design and the fortune it generated that created general envy; it was the private apartment he'd had installed at its summit. Unlike the tower's rather industrial-like structure, Gustave Eiffel's apartment was furnished in a homely fashion with wooden cabinets, velvet

Gleaming in the sunshine, the sprawling nine-story white-wash villa cascades whimsically down the cliff edge as a "living sculpture" of artistic genius and undoubtedly Uruguay's most interesting man-made wonder.

Like most beaches in Uruguay, Playa Pocitos and Playa Ramírez are both great places to sun and cool off in the water. At both beaches you find a lifeguard on duty in the summer, and at both beaches the sand is cleaned on a schedule.
