Why should you choose Su-Vastika?

Sustainable Solutions: Su-vastika's dedication to sustainability, showcasing our wide range of solar products, including off-grid and hybrid solar systems, and grid-connected energy storage solutions. Energy Storage Solutions, Lift Inverters and Lithium battery range is helping the world to make it clean and green environment.

What makes Su-Vastika a beacon of innovation?

A Beacon of Innovation: Cutting-edge Technology: Su-vastika's export portfolio of product range like Solar Inverters/UPS, Inbuilt Lithium battery bank UPS range, Energy Storage Systems having Lithium battery banks and Lift Inverters alongside the complete range of Lithium battery bank up to 100 KWh highlights our focus on cutting-edge technology.

Does Su-Vastika offer lithium batteries?

Su-vastika has already developed Lithium batteries for the existing Lithium Inverters, Lithium UPS, Lithium-ion battery based Solar Hybrid Inverters and Solar PCUs, focusing on Lithium-based Solar PCUs and Hybrid Solar Inverters installed in the market. Su-vastika aims to replace the existing Tubular Lead Acid market with clean Lithium batteries.

Does Su-Vastika have a Smart-UPS?

Su-vastika's all products are equipped with Bluetooth/Wi-Fi app option for monitoring and controlling through Online App. Users can also see a Digital warranty through the app. Any regular UPS can be converted into Smart-UPS as all UPS have USB ports at the back of the cabinet panel.

Does Su-Vastika have a patent?

The company has secured multiple patents and copyrights in Solar, Inverters, Lithium Batteries, Electric Vehicles, automatic testing machines and equipment, further enhancing its global position in Power backup and Technology. Su-vastika has received 10 Technology Patents, becoming India's first Startup company to receive Technology Patents.

Is Su-Vastika a good inverter brand?

That is because Su-vastika is an offspring of Su-kam, the widely used, highly reputed and exceedingly reliable inverter brand that popularised inverters in India and, of course, Nigeria. Now, the same bright minds that developed the Su-Kam inverter and inverter battery products innovated into the inverter brand Su-vastika.

A battery energy storage system (BESS) or battery storage power station is a type of energy storage technology that uses a group of batteries to store electrical energy. Battery storage is the fastest responding dispatchable source of power on electric grids, and it is used to stabilize those grids, as battery storage can transition from standby to full power in under a ...

Introducing the next generation of power backup: Suvastika Retrofit Lithium Batteries. Say goodbye to outdated technology and hello to extended power, longer life, and worry-free operation. Our revolutionary batteries are compatible with all existing inverters and UPS systems, making them the perfect upgrade for your home or business.

Lately, the incidence of fires due to tubular lead acid batteries has been on the rise in India. According to a report published on Zee News, sometimes batteries are in such bad condition that they can even cause explosions or fire.

Here's a breakdown of the key points: Compact Design - Space-Saving: Wall-mounted lithium batteries occupy minimal floor space, making them ideal for areas with limited room, such as garages or utility rooms.; Lightweight: Lithium batteries are significantly lighter than traditional lead-acid batteries, which makes installation easier and reduces the load on ...

What's a short circuit in the battery Inverter/UPS? A short circuit condition in an Uninterrupted Power Supply (UPS)/Inverter is a fault that occurs when two conductors that are not supposed to be connected come into contact.

Applications: Home use: Ideal for powering devices like computers, TVs, gaming consoles, home networking equipment, and small appliances.; Office use: Suitable for workstations, printers, small servers, networking equipment, and other critical office tools that require constant power.; Conclusion: The Su-vastika ESS 2500 UPS is a versatile, high ...
