t-Distribution: The t-distribution, also called the Student's t-distribution, is also used in calculations for inference. However, the t-distribution is not based on the population standard deviation.

After drinking all day your wife still cooks you a meal before passing out? Last I heard, if someone is going to pass out from drinking, they don't do a lot of meal prep beforehand. I also find it odd in this day and age that a bunch of guys are going to rent a venue just to sit around for 6-7 hours playing board and card games.

I mean, I didn't realize that for a long time, nor did I realize that Sir Walter Raleigh was eventually executed in merry olde England. Interesting person. I spent much of my childhood in Virginia and North Carolina, near the coast in both states, and I learned a lot about Raleigh, but I somehow missed the part about his execution!

Step 2: Use the following formula for the average kinetic energy of an ideal gas per molecule:  $E = \frac{3}{2} Nk_{b} T$ , where E is the average kinetic energy of the gas, T is the ...
