If you are looking for that perfect toy to buy I am sure my random toys generator will help you. I gathered 100 of the most popular toys of all time, information which was gathered from a TV show presented by Jonathan Roos called "100 Greatest Toys". Related generators.

Beyblade is a line of high-performance spinning top toys originally developed and manufactured by Takara and Hasbro starting in 1999. Both the toys and their name were inspired by "Beigoma", a traditional spinning top. The introduction of the toy corresponded with the release of Next Generation Beigoma Battle: Beyblade released in 1999, with Ultimate Frostic Dranzer, Spin ...

This windmill is designed to create energy from moving air by converting the motion of the wind into electric voltage. The windmill blades are designed with plastic bottles that will capture wind and drive the rotating engine. Feel free also to use this as a toy for children. This is an actual working wind generator made out of plastic bottles.
