

Wanhua Hexiang Solar Panel

Wanhua plans to build a 140MWp photovoltaic power plant in Yantai. The plant will generate 170 million kWh and has the ability to reduce emissions by 170,000 tons of CO 2 annually.. Our eco-friendly agriculture-solar hybrid PV power station will not compromise the farming activities at the same site. This innovative form of integrated land-use can make it possible to couple the ...
