

Wattsun solar Chad

Why did you choose wattsun?

Evert Mekking, Head of the Equipment Service, explains why he chose Wattsun several years ago and how this innovative energy solution has changed their approach. Always the match you're looking for. With the portable battery system from Wattsun, you create your own power source, ensuring you always have enough energy on hand.

Who uses wattsun?

In recent years, many hundreds of companies in the construction sector, events industry, film world, and landscaping have made the switch to electric work alongside us. Wattsun is proud to be a supplier for the world tour of Coldplay. Our battery systems are being charged during the shows, thanks to dancing and cycling fans.

Where are wattsun products made?

Our products are designed and developed in the Netherlands, and production takes place both in the Netherlands and elsewhere in Europe. This way, Wattsun keeps the production chain and communication lines as short and sustainable as possible. From now on you always work 100% emission-free. Anywhere you go.

What is a wattsun battery generator?

We're here for you. A Wattsun battery generator is the quiet and emission-free alternative to a traditional generator. Power on location with a 230V battery system.
