

Wolong energy storage Curaçao

Wolong Battery Energy Storage Solution (BESS), has been enjoying tremendous growth in the market share. With our brand new, purpose-built factory with a size of 130,000sqm located in Shaoxing City, we are capable of an annual output of 10GWh with in-house production lines covering Cell/Pack Production, PCS, PCB Board, Transformer and also Integration with full assembly.

Wolong single phase low voltage energy storage system This residential ESS comes with a 3.6~6kW hybrid single-phase inverter and 5~30kWh low voltage battery modules. With mature and stable BMS technology, the system is safer to use and easier to install and expand.

Wolong three phase high voltage energy storage system This residential ESS comes with a 3~20kW hybrid three-phase inverter and 5~40kWh high voltage battery modules. The system has high conversion efficiency, faster charging and discharging rates, it can bring the efficient, safe and reliable clean energy to the green house, and optimize the ...
