

Wooden pallets for photovoltaic panels nearby

Whole roof solar systems mean that your Solar PV panels become the fabric of your roof, serving two purposes, weather proofing and energy supply. The Solar PV panel frames are bespoke for the mounting system so there is a limited ...

Inspect the solar panel before shipping for any apparent damage. Pack your panels vertically. It will reduce the stress to modules, and pallets are secured with separators to ensure the safety of panels. Place the sunny side (front side) facing the pallet. Put foam pads around the frame of the solar panel. Have the last solar panel sunny side up.
