Why did Israel launch strikes on Houthi-held parts of Yemen?

Israel launched strikes against ports and energy infrastructure in Houthi-held parts of Yemen on Thursday and threatened more attacks against the Iran-aligned militant group, which has launched hundreds of missiles at Israel over the past year.

Where is the capital of Yemen?

This is a locator map for Yemen with its capital, Sanaa. (AP Photo) Smoke rises from the scene of an Israeli airstrike on the Haziz power station in southern Sanaa, Yemen, Thursday, Dec. 19, 2024.

How did Israel attack Yemen?

The Israeli attack, involving 14 fighter jets and other aircraft, came in two waves, with a first series of strikes on the ports of Salif and Ras Issa and a second series hitting the Yemeni capital, Sanaa, military spokesperson Lt.-Col. Nadav Shoshani told reporters.

Are the Houthis involved in the Yemen war?

However, many of the ships attacked have little or no connection to the conflict, including some bound for Iran. The Houthis have battled the Saudi-led coalition in the wider Yemen war, which has killed more than 150,000 people, including civilians.

to realize our visions we work together as the suena family - with sound communication and mutual support this is collaboration beyond work TEAMWORK the energy transition is one of the greatest challenges of our generation - we embrace this challenge contributing to positive change with every project

1 ?· Israel launched strikes against ports and energy infrastructure in Houthi-held parts of Yemen early on Thursday and threatened more attacks against the Iran-aligned militant group, which has ...

We are revolutionizing the way energy storage and renewables are integrated into power trading. The suena autopilot uses cutting-edge forecasting, optimization as well as algorithmic trading techniques to maximize and stabilize profits on electricity and balancing markets.

2 ???· Israel's military launched deadly strikes on Houthi targets in Yemen early Thursday, just hours after the Iran-backed militant group's latest attack on Israel.

Since energy generation from fossil sources is responsible for the emission of a large share of environmentally harmful greenhouse gases, a change to an energy system running on renewable energy sources is essential. ... With cutting-edge optimisation software such as the suena autopilot investment in Energy Storage Systems and their deployment ...
