

Å...land complete set of solar panel

What are all-inclusive solar kits?

These all-inclusive solar kits are designed for simplicity, featuring everything you need for a seamless setup and installation. With high-performance lithium battery options and versatile connectivity options, our solar power systems can be connected to solar, wind, backup generator, or utility grid sources.

Are solar panels suitable for a detached home?

Contact us Solar panels are suitable for the roofs of detached homes regardless of the type of roof. Our system components have been selected especially for Finnish conditions, with specific mounting systems for different roof types. Our solar panel packages are always tailored according to each customer's needs.

Where should I buy solar panels?

We recommend acquiring your panels from a reliable company that is sure to remain in business for the entire lifecycle of your solar power system. A good salesperson will answer any use-phase questions you may have, handle your warranty issues, if necessary, and enable you to expand your system and add new products to it.

We deliver and install solar panels in most regions of Finland. At present, the excluded regions are Lapland and Åland. We make it easy for you to take advantage of solar panels, and we ensure that your solar panels start producing electricity as expected. We also monitor the production of the solar panels throughout their lifespan.

The KINGS 250w Solar Panel has Fold-out legs that allow for easy positioning. This is great for those who want to position their solar panel at an angle or live in areas with unstable terrain. Includes a Heavy-Duty Transit Bag. In a world where solar panels are becoming more and more mainstream, it's important to find a way to make them portable.
